

DF2500 MAKE-UP AIR HEATER

By drawing 100% fresh air, Make-Up Air Heaters reduce air contaminants & pollutants while managing humidity levels and preventing condensation & mold growth. The thermostatically controlled air also prevents negative pressure that can lead to drafts and outside-air infiltration. The DF2500 is equipped with wide-scope gas modulation valving allowing for maximum temperature control and significant fuel savings. Like a permanent air handler, the DF2500 provides evenly distributed, warm, dry air.

TECHNICAL SPECS	
BTU / Hr Input	553,000 – 2,500,000
Voltage	230V
Phase	1
Circuit Size	60 A @ 230V
Fuel	LP / NG
Air Delivery	14,737 CFM
Air Outlet	23" x 27" (or equivalent)
Weight	1,640 lbs
Dimensions (L x W x H)	111" x 31.5" x 78.5"
Gas Modulation	Yes
Forklift Pockets	Yes
Lifting Eyes	Yes
Certifications	ANSI & CSA

Product Features

- Enclosed flame
- Wide-scope gas modulation valving — maximum temperature control and significant fuel savings
- Draws 100% fresh air — manages humidity, prevents condensation & mold growth
- Thermostatically controlled — prevents negative pressure, drafts & outside-air infiltration
- Forklift pockets & lifting eyes — ANSI & CSA certified
